ALLIN

ALIN

"JAMES ALLEN born in England. Died September 27, 1673/6. Came to Dedham, Massachusetts about 1637. Was a proprietor there 1642, and took the freeman's oath in 1647. One of the first thirteen settlers of Medfield, 1652. These thirteen were a Company of Proprietors to whom were assigned allotments of land in that part of Dedham, which in 1659 was incorporated by the name of Medfield (now Medfield) in allusion to the extensive meadows bordering on Charles River, which form the Western boundary of the town. An old document reads: "Medfield granted to James Alin, Six acres of Upland, that lieth on the north plaine, abutting toward the west on Stony Winter Brook, against the lands of Thomas Wight, and on the waste lands on all other parts." James married 3-16-1638, Ann Guild. Ann was born in Scotland. She came to America in 1636 from Guernsey Islands with two brothers, and settled with them in Dedham. She died March 29, 1673. James was Signer of Covenant for Dedham 1636. He was a grandson of Reginald Allen of Colby Norfolk, England.

History of the Town of Medfield by William-S. Tilden (1887)

The old document, granting land to James, is in possession of a descendant living in Medfield. This six acre lot, probably included the site of the house not in the possession of a descendant. The lot extended to the small stream forming its western or rather south western border, termed Stony Winter Brook, as

as the ground thru which it runs is literally paved with stones, and the stream though considerable in winter, almost disappears in summer. It is likely, that this water course was much larger before the forests were cleared away. The brook probably continued till it reached "Home Meadow Brook," forming a well defined boundary along the south western border of the town grant. The land on the other side of this small stream now belonging to the homestead was annexed long afterward. The orchard was purchased from Col. Johnson Mason in the early part of 1800. The pasture was bought fifty or sixty years later.

We have no means of knowing what were the dimensions of the farm during the life time of James the original proprietor. Undoubtedly, it was enlarged from time to time by additional grants and purchases till it became a good sized farm, though never a very large one.

As there was a "cooper shop" standing there in the time of King Phillip's war, we conclude that James Allen followed the occupation of a cooper. His son Joseph was a cooper. From tradition in the family, it is known that this cooper shop suffered during the Indian wars. The Indians under King Phillip in 1676 on their way from Warboro to Medfield. The dwelling was an old fashioned, unpainted house of two stories with a large chimney in the center; the only ornament being a Doric scroll over the front door.

The old homestead has been in the uninterrupted possession of the Allens thru seven generations, and descendants still dwell there. At the time of one of the annual Allen reunions, one particular room is made the receptacle of sundry heirlooms. A blazing fire of wood is piled upon brass knobbed andirons, and the blackened crane, with its pot hooks of varying lengths, and singing tea kettle, with their accompanying snuffers adorned the shelf; over the mantle hangs a musket bearing the date 1770. An ancient tea-sett, dating back four generations is displayed upon the wooden shelves; Ranged beside it are pewter plates of the ancient house keeper. The Spinning wheel and its accompaniments are brought out.

5 "THOMAS BARNUM born in England about 1625. He is supposed to have come from Danbury. The family was of good repute and high standing. The name Barnum was originally Barnham, meaning "field of the barn." Thomas undoubtedly the ancestor of all the Barnums in America, came to this country when quite young. The first place where he is known to have settled is Springfield, Massachusetts, then known as Agawam, about 1640. Springfield was for a while claimed to be under the jurisdiction of Connecticut Colony. About 1643 he came to Fairfield, Conn. and before 1678, sold his land there to Alexander Bryan; removed to Norwalk about 1660, where he was appointed tything man in 1661. Thomas lived a few doors north of what is (1889) South Street. Two of his sons--Richard and Francis, afterward represented Danbury in the Colonial Legislature.

He married twice. Nothing is known of his first wife, (but the will of William Feake, goldsmith of London, England, whose daughter is mentioned as "Mary, Wife of son-in-law Thomas Barnham"), who was mother of his children. Married second to Sarah Thompson, widow of John Hurd, Jr. After death of Thomas, Sarah returned to Straford and died there 1-24-1717/18. Thomas died Dec 26, 1695. RANDOLPH

PEYTON RANDOLPH born about 1745. Wealthy man, loaned
money to the Government. Lived in Virginia. His wife
died during the American Revolutionary War, when son
John was about two weeks old. There was a little girl
Susannah who was also called Sarah. Peyton was a
Quarter Master, Am. Rev. And Captain of a ship which he
sailed to the West Indies. He returned when John was
twelve years of age. Peyton put a great deal of money
aside for his children. The boy was placed in the care
of one of his uncles. This uncle was unkind to John,
and so he ran away to live with a man named Marker.
Family tradition is that the Government repudiated the
debt to Peyton; that he was given land for the money.
He was a descendant of Pocahontas.

Notes copied from letters

When Aaron Barnum Clark and family left Ohio for Ind. they traveled in a covered wagon. Part of the time, Mary Anne had to sit in the back of the wagon and fire a gun to keep the wolves from coming too close. And one of her babies was born on the prairie.

One of my mother's great uncles, a James Randolph, when young, was stolen by Indians. He learned to be a Medicine man, and later returned to his people, and became a doctor.

There is a record in Marietta, Ohio, of a John Randolph who acted as County Commissioner in 1803.

I have an ancient chopping knife used since 1745 in the family. It always came down to the youngest girl, and used for a while by the bride. I thought it needed a rest...it is in our Historical Society.

Notes from a letter

Randolf died and she married John Boon living in Salem Oregon, and had 3 girls and 1 boy.

John and James Randolph were in Rev. War, and leased land to Gov. where Philadelphia stands.

The line goes Clark, Brown, Whipple, on down to Sir Walter Cook, who came to America on the Mayflower.

.....
From grand-daughters of A.W.L. Clark

A.W.L. Clark was a portrait painter. I have a large 32" x 27" portrait of his 3rd wife, Julia Barlow, (my step-grandmother), hanging in my living room. Have several landscape paintings of his. He had a hobby of carving violins. We still have the knife he used, and two of the violins he carved, and made from the wood grown in his own apple orchard in Ark.

Aaron Barnum Clark was a Carriage painter and maker. Allen Whitman Clark was a photographer.

My grandfather was an artist, but I fell heir to only two pieces of his work. A portrait of my father's brother as a little boy, and the band stand in Forest Park in St. Louis, Missouri. And I have a Violin that he made in 1894. The date is inside, as well as his name.

From a Niece of W.H.H. Clark

Uncle Will came South just after the Civil War, when feeling was still very high. He would tease me and tell me I had Indian blood. He said I was descended from Pocahontas, and John Rolfe.

Uncle Will used to entertain us by the hour with Civil War Stories. About how he ran away from home when he was sixteen, and joined the army. And once he was wounded. He was wearing a black felt hat. The bullet went through the hat and just under the skin. He said that he got along all right but that later, when his head bothered him, the Doctor had to open the wound, and get out a piece of that old felt hat.

And then he told us how one night, his men were camped on a hill top, and the Southern men were camped on a hill top about one fourth mile away. Of course they were thinking of home and their loved ones. They knew that many of them would never get back home again, since they would go into battle the next morning.

As they sat around the camp fire, some one started singing "Home Sweet Home," and the whole camp just made it ring. And then the other camp on the opposite hill top joined in and they all sang together.

Original letters in possession of Mrs Miner Newton-Perkins, 2711 Sprague, Omaha, Nebraska.

Chicago, Illinois, March 21, 1868

My Dear Grand daughter Orpha
We rec'd you kind and welcome letter yesterday....so sorry to hear your Dear Mother's health is so poor... William took me to New Jersey, when he came out of the service. He had to go to New York, so he took me to your aunt Dells in Vineland, and your uncle Aaron was living in Palmer, Mass. He came to your aunts after me to go and make them a visit, so I went home with him, and staid there all winter. Your uncle Will was there too, and is there yet. He came back with me and went back. So you see I have not traveled alone. Will is in business in Palmer. He learned the Jeweler trade, and has a store there, a small one, but he makes a living at it. He was wounded in his left shoulder, so he has not got good use of it, but he carries on his business, but he can't do hard work. I would be so glad to see you all. Oh how glad I would be to see your Dear Mother. I have not seen her for so long. I would come if I could. You must know that it would be a great undertaking for me to go so far alone. I am sixty five in July, and my health has not been very good since I came from the east, but has been better this winter....
.....When your grandfather died, I sold every thing except the house and lot.....When the boys left home I sold it, and they got me to take some land in Iowa, and it proved to be not good, and government land at that. I am trying to get something for it, but I don't know when it will be. I had a letter from your uncle Will the other day. He says his arm never will be any better. He is well otherwise. Give my love to your father and mother. Tell them I love them Dearly. I never have forgotten them. Tell your Dear Mother I would give a good deal to see her. Now do write often. From your ever true and loving grandmother to her grand daughter Orpha.

My Dear Grand daughter Orpha

..... Did you get the hair flowers? I left them with your aunt Alice to send them. I have been here over six months..... Your uncle Aaron came to Chicago the last of April. He said I should not stay there through the summer, so he took me back with him. I have been here ever since. I intended to go back to Chicago in the spring, but I don't think I shall. I want to go to see your uncle Will. He is coming here in the spring to take me to Springfield, Mass., where your uncle Aaron has moved to since I came to your aunt Dell. Will says he is going to take me to Boston next summer so I can't come back til next fall, if I live til then, I shall come back. Dear Orpha, I wish you all could have been here through the summer and fall to enjoy the fruit. I never see such a sight in my life. The strawberries were ripe the first of June, some before. Before they were gone, the raspberries came on, before they were gone, the blackberries were getting ripe. Your uncle Charley Arnold had plenty of it. We had more than they could use.

They had peaches plenty, and grapes, so many that they could not use them all. I never eat so much fruit in my life before. It has been so warm here all this fall that we did not need fire half the time. Tell Miner I want him to write to me and your sister. When you write, direct to Vineland, New Jersey, to Mrs. A. B. Clark, in care of Charles Arnold to box five hundred and two. From your ever loving grandmother to her ever loving grandchildren, Orpha, Miner, Elsey. Give my love to your father and all your brothers and sister. Accept it your self, and your husband too. Kiss the little ones for granma. Love to all. I wish you were here with us, Orpha, you should go to school all the time, until your education was finished. We have such good schools here. Your letter of Sept..... was the first letter any of us ever got from you. Calve very seldom writes a letter, but if you will write to me, I will answer your letters, and you shall have our pictures as soon as we get them. Is there any artist there, that takes pictures? Perhaps you did not send Aunt Dells letter to the right place. Direct to Mrs Charles Arnold Vineland, New Jersey. She would be very much pleased to hear from you. Vineland, February 1868

Dear Orpha, I have written to Miner, and I thought that I would write a few lines to you, and enclose it with this time. Now I want you to tell me what is the matter with your mother, and whether she is hope-

lessly blind. Oh how I would like to see her. Do all you can to make her happy, while you are near her, for the time will come when you cannot see her here. I am so far away from my darling mother, and the Lord only knows whether I shall ever see her again or not, but I live in hopes to before long. I should be glad to come and see you and your family, and if you near your father, and should I ever come, I shall see you. You wished to know where all your mother's folks are. I will tell you where they are as far as I know. William is in Palmer, Mass. Calvary is in South Bend, Indiana. Call Ganes (name here very difficult to read, may have been meant for Caroline Jones, or a relative of whom we know nothing) is in Adrian, Michigan, but they are going west some where this spring. Mary, Aaron, and Jenny, I know not where they are. I have not rec'd any letters from them for more than a year. Grandma is with Alice I will send you her address. Vineland New Jersey Dec. 28, 186-

My Dear Niece I received your letter last week, and was greatly rejoiced to hear from you once more. It has been so long since I heard from any of you. I thought you must all be dead or gone far away. I have written several letters to your father and mother.... Orpha I want you to tell whether your mother is entirely blind or not. I want you to tell me the childrens names, and what kind of a place it is where your father lives, and if they have any fruit growing. Tell me what kind of a home you You say you think I will call you a foolish girl for getting married so young. I think circumstances alter cases. If you have got a good kind husband and you make a good kind wife, and mother to his children, you will get along well enough. You will find that a stepmother's life is a hard one. You must bare every thing in silence and use the child as your own, then there will be enough that will talk. Orpha did your mother ever get any flower seeds that I sent her some three times. Have you any flowers? If you have not, and want some, I will send you some, and I want you to get me a few seeds of some kind, and send them to me for my yard. I have a large and nice yard. And I have a bed in it that I call your mothers and her family; and I want some seeds from there, then I shall think more of them. Now Orpha, I will close for I want to write a little to your Mother. Give my love to your husband and family, and accept it yourself.

Write soon to your Aunt. Direct to Mrs Charles Arnold,
Vineland, Cumberland county, New Jersey.

My Darling Sister Leafy How it makes my heart ache
to hear of your being deprived of your eye sight. Have
you no hope of its returning? What is the cause of
your going blind? So Young. Oh how I wish that I could
see you once more. I wish we were nearer to each other.
My health has become good since I came here. I haven't
seen snow but once this winter, then it did not lay on
the ground only three hours, and today is like April
weather in Indiana. This is the pleasantest country
that I ever was in. Charlie is out grubbing. There is
no frost in the ground. He was plowing last week. They
plow their land here in the winter, then again in the
spring. Tomp, I wish you had a good place here where
you could have a good market for every thing, that you
could raise. Now Tomp, please write to me if Leafy can
not see, it will be a comfort to her to have you write
to her folks, and a pleasure to them to receive your
letter.

(no date on this following letter)

Dear Niece I rec'd your letter last week and was

there is another place across the me for sale
I wish your father would buy it. Arabell would be so
glad to have you come, and so would I. I wish you come
and live with me. I have bad news to tell you. James
is dead. He died the 7th of December, and Alice my littl
girl that was a baby when you were at my house, she died
the 21st of January, and your uncle Andrew is dead. He
died the 9th of February, and I have had a very hard
time #### since I have been left alone. Calico is 40¢
a yard, flour \$5.00 a hundred, Corn and potatoes 40¢ a
bushel, coffee 60¢, butter 25, eggs ten, shuger 25,

and 50 a gallon. I made a half barrel of molases, and
raised my corn and potatoes. I have not got my corn
all husked yet, but I will finish it this week. I have
six children, 5 boys and one girl. I wish your mother
would give me one of her girls. Bell is at Canton to
work this winter, she will write to you soon. I have

been out to Indiana since I saw your mother. Cind and
Calvee and William have been here. I believe I have
nothing more to write. Direct your letters to
Maquoketa, Jackson county, Iowa. Give my love to your
father, and mother, and accept it your self, so good by
from your aunt Mary A. Johnson

COWBOYS' PRAYER

O Lord, I've never lived where churches grow;
I've loved creation better as it stood
That day You finished it, so long ago,
And looked upon your work and called it good.

Just let me live my life as I've begun!
And give me work that's open to the sky;
Make me a partner of the wind and sun,
And I won't ask a life that's soft and high.

Make me as big and open as the plains;
As honest as the horse between my knees;
Clean as the wind that blows behind the rains;
Free as the hawk that circles down the breeze.

Just keep an eye on all that's done and said;
Just right me sometime when I turn aside;
And guide me on the long, dim trail ahead--
That stretches upward towards the Great Divide.

Badger Clark

Poet-laureate of South Dakota.
